In the Spring Time

Any fool knows enough to carry an umbrella when it rains, but the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets bedfast, but the wiser one is he who adopts proper measures before his illness become serious. During a hard winter or the following spring one feels run-down, tired out, weak and nervous. Probably you have suffered from a cold, the Grip or flu, which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alternative and temperance tonic is one made of wild roots and barks, without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system. First put up by Dr. Pierce over 50 years ago, now procurable at any drug store; or send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

Confronted with a shortage of teachers for the public schools thruout the state for the next school year, State Superintendent Albert Williams has called a special examination to be held in each county on May 14 and 15, to give teachers another opportunity to secure certificates before the opening of the summer terms of the schools. The program for this examination is given in this issue of The Falcon. Every teacher in the county who has not now a certificate good for next year should take this examination. If in doubt ask the County Superintendent.

Let us install an Acetyling Lighting plant in your home. Lighting, heating, cooking, ironing, all with a saving of time and energy. Cost is only half the cost of a coal oil lamp per hour. Plants to suit large or small homes. Sold to farm homes on 12 months credit. Frank Haralson, Salesman for Fayette County, Somerville. 4-30

James L. Day and B. Herbert Howse have bought the business of the Lyric Airdome and will open same to the public on the evening of April 29 with the strong western play, "Marked Men" featuring Harry Carey, a Universal picture. They have engaged Stewart's band of Memphis for their opening performance and invite the picture show goers of the city and vicinity to be present at this and following performances. Three shows next week, Thursday, Friday and Saturday. Messrs. Day and Howse are two of the city's younger men and this is their first bow to the Somerville public asking for business. This has been a popular show place in the past and Somerville people will be glad for its re opening for the new season.

Organization in this county for the Salvation Army drive was completed this week with the following committee: Hon. C. A. Stainback, County Chairman, W. T. Loggins, Vice-Chairman, S. A. Wetzel, Secretary, H. P. Stainback, Treasurer and Hon. J. B. Summers, Chairman on Speakers. The national organization has apportioned to each section of country the amount it is believed able to furnish and the quota of Fayette county is \$1000. The money is to be used in Home Service work and a permanent force of workers will be maintained in each district, Fayette, Haywood and Tipton counties being included in this district. Mr. Wilson of Chicago was here several days in the interest of the campaign. A district chairman has been chosen in each district in the county and it is hoped that all these forces will be in work ng trim by the time for the drive next month.

KANTLEEK
It Can't Leak, Because It's Made in One Piece
EVER been scalded by a leaking hot-water bottle? This can't happen with a Kantleek.
Kantleek Hot-Water Bags can't leak. They are "one-piece" water bags—moulded from pure soft rubber into a single piece—no joints or seams. Most hot-water bottles are made in sections and cemented. Cement cracks—bag leaks!
We guarantee a Kantleek for two years—or a new bag free.
Ask to see the Kantleek. You may need it tonight.

For Sale
Simpkins Ideal Cotton Seed

Just received a carload of North Carolina grown seed. This cotton originated in North Carolina and is one of the most widely known varieties in existence. It is a very heavy fruiter, turns out 11 per cent lint, mostly five lock, light foliage, and is the earliest variety of cotton known, being 90 days from planting to the boll. This is not a rank growing variety. It fruits better than a great many other cottons of the same type, not having so many vegetative links that do not bear fruit.

Good planting seed will be almost unobtainable within eight weeks so order at once. Price, 2 1-2 bushel bag \$7.50 per bag. Order in 2 1-2, 5, 7 1-2, etc. lots as we do not break bags.

H. P. Stainback
